

School Boys Hockey team in the New York State Championship game on Sunday, March 15th. The Skaneateles Lakers defeated Williamsville East High School by a score of 5–2 for its first title in 26 years.

The Lakers fought back from a 2–0 deficit, working as a cohesive team to score 3 goals in under 6 minutes. Sophomore Raymond Falso received the tournament's Most Valuable Player Award, after having missed six weeks of the regular season due to an injury. Senior Captain Owen Kuhns, sophomores Raymond Falso, Reggie Buell, and Patrick Major were named to the All-Tournament team. The Lakers finished their season with a 22–3–1 record due to the hard work of seniors: Briggs Carter, Owen Kuhns, Jarrett McDonald, Cullen McGlynn, James Motyl, Brett Singler, and Trey Wirth; juniors: Karl Adams, Devin Callahan, Sam Clymer, Reece Eddy, Erik Huba, Bennett Morse, Kyle Ochsner, Jacob Patalino, and Benn Russell; sophomores: Matt Benson, Reggie Buell, Dimitris Christou, Ray Falso, Adam Lupo, Patrick Major, and Nick Rottger; freshmen: Matt Leveroni and Marc Welch; and eighth-grader: Luke Lynn. The team was coached by Mitch Major, a former captain of the 1989 Skaneateles Lakers team.

The Lakers have played with dedication and respect throughout the entire season. I commend the hard work, commitment, and teamwork these players have displayed throughout the season and the example they have set for youth throughout the 24th District. Excellence on the ice translates into excellence off the ice and the practice of sacrificing for the common goal, builds character in our children. I could not be more proud to congratulate these young men on their tremendous season.

CONGRATULATING NATHAN ECKERT ON RECEIVING THE U.S. FISH AND WILDLIFE SERVICE RACHEL CARSON INDIVIDUAL AWARD

HON. RON KIND

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 19, 2015

Mr. KIND. Mr. Speaker, I rise before you today to honor Nathan Eckert, the recipient of the 2014 U.S. Fish and Wildlife Service Rachel Carson Individual Award. This award is bestowed upon employees of the Service whose outstanding contributions improve the Service's knowledge and management of fish and wildlife resources. Nathan is a mussel biologist at the Genoa National Fish Hatchery in Genoa, Wisconsin, and this recognition—considered one of the highest honorary awards in the Service—is well deserved for his extraordinary work in freshwater mussel conservation.

At the Genoa Fish Hatchery, Nathan has been researching and implementing new techniques and rearing systems for imperiled freshwater mussels. As an expert in mussel identification, Nathan has helped the Genoa facility produce nearly 15 million mussels of 17 species, and his endeavors have directly resulted in the release of more than 50,000 threatened or endangered mussels into waterways in the Upper Mississippi River Basin. Nathan's work also includes assisting various

mitigation efforts involving projects that impact freshwater mussel populations, providing rare mussel species to partners such as the U.S. Geological Survey and many toxicology labs to study the effects of pesticides and contaminants on mussel survival.

Nathan's dedication and leadership has proved critical to protecting and sustaining the rich biodiversity of the Mississippi River. It is with great pride today that I rise to congratulate Nathan for receiving the Rachel Carson Individual Award and to sincerely thank him and the Genoa Fish Hatchery for building a legacy of conservation for generations to come.
